

28<sup>th</sup> February 2017

Dear Parent/Carer,

**Re: Rotary Technology Challenge**

Your child has been chosen to represent Corby Technical School at this year's Rotary Technology Challenge on Wednesday 22<sup>nd</sup> March 2017.

This follows yet another very successful event held last year with young people from schools around the county of Northamptonshire taking part.

It is a one day event at Weston Favell Academy which brings together teams of 4 students from secondary schools and colleges across Northamptonshire, who are set a technology problem to solve during the day. It provides opportunities for team building and practising communication skills, as well as problem solving.

We will leave Corby Technical School at 08:15am and return to the school at 4:00pm, travelling by Minibus to Weston Favell Academy, Northampton.

All students should eat breakfast before arriving at school and will require a packed lunch. School uniform must be worn.

If you have any further questions, please do not hesitate to contact Mr Harley on 01536 213100 or at [dharley@corbytechnicalschool.org](mailto:dharley@corbytechnicalschool.org).

Yours sincerely

Mrs Angela Reynolds  
Principal

**REPLY SLIP – please return before Friday, 3<sup>rd</sup> March 2017**

I give my permission for .....(student's name) to attend the Rotary Technology Challenge
