

9th January 2018

Dear Parent/Carer

Re: Engineering Education Scheme Residential Visit to Loughborough University 16th to 17th January 2018

As you are aware your child has been selected to take part in the Engineering Education Scheme. The project is a real life engineering project set by Tata steel and mentored by one of their production engineers. We have arranged a residential at Loughborough University to give the students an in-depth opportunity to work on the problem and create some models. There is no cost to the student for this trip.

Staff and students will travel by minibus leaving at 8.00am on 16th January and returning at approximately 6:30 pm on the 17th January, please arrange for your child to be collected at 6.30pm. Students and staff will be accommodated at the Link Hotel where they will be given an evening meal and breakfast, packed lunch will be provided on both days. Drinks and snacks will be available to be purchased throughout the day so students may bring some spending money with them.

Rules for EDT Workshop are contained in the general information pack that has been emailed to all students. From our position no student will consume alcohol (even if they are old enough) and all Health and Safety regulations will be adhered to at all times.

Please complete the reply slip below and return to school reception by Thursday 11th January 2018.

If you have any questions please contact Mr Godfrey at dgodfrey@corbytechnicalschool.org or on 01536 213100.

Yours sincerely

Mrs A Reynolds
Principal
