

16th January 2018

Dear Parent/Carer,

Re: Tomorrow’s Engineers Robotics Challenge – 2nd March 2018 (and 16th March (subject to qualification))

Your child has been chosen to take part in preparations for the Tomorrow’s Engineers Robotics Challenge competition. The challenge is a national competition involving over 300 schools across the UK. Our regional final will take place at the Rolls Royce Learning and Career Development Centre in Derby.

If we are successful at the regional competition on Friday 2nd March, we will be invited to the National Final at the Big Bang Fair at the Birmingham NEC on Friday 16th March (in the last week of the March holidays).

There is no cost for attending either competition, however students will need to bring a packed lunch. We will be leaving before the school serves breakfast so we would suggest that students eat breakfast at home before arriving at school.

In order to arrive in good time, the minibus will be leaving CTS at 7:30am on both days. We expect to arrive back to the school at 4:30pm.

If you have any further questions, please do not hesitate to contact me at agourlay@corbytechnicalschool.org

Yours sincerely,

Angela Reynolds
Principal
