

13th September 2017

Dear Parent/Carer

Re: Year 7 Food and Nutrition / Design and Technology Contributions

I am writing to inform you that students will be undertaking food tasting, cooking and a number of design and technology tasks at school as part of their Design and Technology lessons. This will give all students the opportunity to be involved in food preparation/group work and also give them an understanding of healthy eating and why this is important. Further to this, they will embark on an array of workshop related tasks using woods, metals plastic and other modern materials.

There will be a charge of £5.00 to cover the ingredients of 6 dishes and as a contribution to the Design Technology tasks required for the academic year. Please complete and return the slip and deposit to school reception by Friday 29th September 2017.

Can you also please inform the school if your child has an intolerance or is allergic to any foods or if there are any foods that they do not eat due to cultural or religious reasons.

If you have any queries please contact Mr Crook on ncrook@corbytechnicalschool.org or on 01536 213100.

Yours sincerely,

Mrs A Reynolds
Principal

Food & nutrition and Design Technology contribution and food information return slip. Please return to reception.

Student name.....Form.....

Please find enclosed £5.00 to cover the cost of ingredients for the cooking course

He/she does not eat the following food due to cultural or religious reasons/ is intolerance to / is allergic to the following foods:.....
