

Subject	Geography	
Week	Learning	Activities
<p>Week beginning 8th June</p>	<p>What is development: In this lesson, you will learn what development means and how we can rank and compare countries globally. You will understand the difference between standard of living and quality of life and the significance of these indicators in comparing lifestyles across the world.</p>	<p>https://www.thenational.academy/year-9/geography/what-is-development-year-9-wk1-1</p> <p>Follow the instructions and guidance to watch the video and work through the tasks.</p>
<p>Week beginning 15th June</p>	<p>Development indicators: In this lesson, you will learn the names and definitions of many important development indicators. You will understand the difference between economic and social indicators and how these make comparing countries more accurate and evidence-based.</p>	<p>https://www.thenational.academy/year-9/geography/development-indicators-year-9-wk1-2</p> <p>Follow the instructions and guidance to watch the video and work through the tasks.</p>
<p>Week beginning 22nd June</p>	<p>What factors influence development: In this lesson, you will learn all about different factors that can influence development. You will understand that these influences can help a country to develop but some others could make the development process more difficult.</p>	<p>https://www.thenational.academy/year-9/geography/what-factors-influence-development-year-9-wk2-1</p> <p>Follow the instructions and guidance to watch the video and work through the tasks.</p>
<p>Week beginning 29th June</p>	<p>What is the global pattern of development?: In this lesson, you will learn about the current global pattern of development using some of the key indicators covered in lesson 2. You will then move onto reflecting on how much progress has been made in key areas such as average life expectancy and ensuring all children complete their primary education.</p>	<p>https://www.thenational.academy/year-9/geography/what-is-the-global-pattern-of-development-year-9-wk2-2</p> <p>Follow the instructions and guidance to watch the video and work through the tasks.</p>
<p>Week beginning 6th July</p>	<p>How has the UK developed over time? In this lesson, we will learn about how the UK has developed over time. We will consider different factors which shaped our development and then summarise the changes which still exist in levels of development across the UK today.</p>	<p>https://www.thenational.academy/year-9/geography/how-has-the-uk-developed-over-time-year-9-wk3-1</p> <p>Follow the instructions and guidance to watch the video and work through the tasks.</p>

<p>Week beginning 13th July</p>	<p>How does uneven development impact on quality of life?</p> <p>In this lesson, we will learn about the link between development and quality of life. We will consider different indicators of development and how these vary across the globe and even within countries, which create inequality.</p>	<p>https://www.thenational.academy/year-9/geography/how-does-uneven-development-impact-on-quality-of-life-year-9-wk3-2</p> <p>Follow the instructions and guidance to watch the video and work through the tasks.</p>
