Year 10 Clubs

Tuesday

Enamel jewelery

A project seeking inspiration from designers, creating an idea of the pendant you want to make, learning the technique of enameling and then creating your own piece of jewellery.

Stitching with stories

Use a range of taught embroidery stitches to create an image/pattern whilst listening to audio fiction stories. We will listen to books by David Walliams and other popular modern authors as well as some older lesser known ones.

ESU Mace Debate Club

Do you take an interest in current issues? Like to put your point across? Come along to develop public speaking skills and learn the different debating styles from Mace to Oxford/Cambs styles. You will have the opportunity to work towards competitive debates.

Maths Games Club

Come along to test out your numeracy skills and develop logic and strategy in a fun, interactive seleciton of games!

Animanga

Read/draw manga and watch anime. Play Pokemon, Yu-Gi-Oh! and Magic the Gathering

Geography in Media

Ever wondered which city Christopher Nolan uses major US cities to create his Gotham cityscape? Have you noticed how many songs there are describing New York? We will be exploring geographical representations and how different places are brought to life in a range of media including film, music and TV.

Chess Club

Come along to play chess with your peers and improve your strategic thinking and abstract reasoning skills. Learn new strategies for achieving 'check mate' and develop your experience of playing competitive games.

Choir 'Vox'

STAGE SCHOOL CLUB - If you love to sing, come along! You might be super experienced and ready to take solos, or you may be a little shy but ready to build up your confidence with others. Being part of this group will also give you the opportunity to be a part of our school shows and performances. All welcome. Come and Sing!

Fitness Club

The Fitness club will be a circuit style workout using different stations and exercises to work your core and cardio fitness. This will give you the chance to keep fit at your own

Girls' netball

All abilities welcome - the club will look to develop and improve students' abilities relating to attacking, defending, and generally becoming a more competent player. We will work on shooting, footwork, passing, tactics and playing in a range of positions. There will inter-house competitions and we will be building towards District wide fixtures. It is a fantastic sport and will be great fun for all involved.

Wednesday

Game design

Design your own computer game! The world of computer games is a huge and growing industry, and one you can train to be a part of. Learn to use a simple 2D game engine called 'construct' or advance to 'Godot' a powerful 3D game engine based around Python.

CCF

Being a cadet will give you the opportunity to take part in a huge range of exciting and adventurous, military-themed activities and meet lots of new people from across the school.

Psychology Club

Students can become involved with community service projects, such as volunteering at a mental health care facility, or fundraising for a mental health organization. Students also may enjoy guest speakers who can address psychological issues.

Ensemble (with NMPAT)

For all string/woodwind/guitar players, we are forming a mixed ensemble where you can enjoy playing alongside other instrumentalists. You will be learning a range of songs – some modern, some traditional, and working towards regular concert opportunities. All standards welcome.

<u>Dance</u>

STAGE SCHOOL CLUB - Have fun and get fit learning a range of different dance styles. Being part of this group will also give you the opportunity to be a part of our school shows and performances. All welcome!

Warhammer

Choose an army to collect, build, and paint. Take part in thrilling tactical battles with your friends.

Thursday

Machine learning

Develop your understanding and knowledge of machine learning, to create software that uses supercomputers to recognise text and images.

Library newsletter

Become a journalist and contribute towards a student-led library newsletter featuring articles and book reviews.

Table Tennis

Learn the basics of table tennis and then have fun competing in the CTS tournament.

Book Club

Book discussions, author videos, themed activities including craft and games. Special events and book awards held throughout the year.

Pop/rock band

We will be creating a space for bands to rehearse together each week, supported by an experienced guitarist and band member. You can come as a band or on your own. Basic level of instrumental skill necessary, but equipment provided.

Boys' football

All abilities welcome - the club will look to develop and improve students' abilities relating to attacking, defending, and generally becoming a more competent player. We will work on shooting, footwork, passing, tactics and playing in a range of positions. There will inter-e building towards District wide fixtures against other local schools. It is a fantastic sport and will be great fun for all involved.

<u>Drama</u>

STAGE SCHOOL CLUB Work together with other theatre-makers to develop your all-round drama skills: creating, performing, and evaluating. This will include working in ensemble with others and devising pieces of drama with other performers. We will be preparing for several performances and shows throughout the year.

Escape Room

Put your problem-solving skills to the test, working as a team, in a thrilling race against the clock to think laterally in solving riddles and puzzles to unlock doors, move up levels and eventually escape in a virtual escape room. Do you have what it takes? Come along and prove it.

Homework club - EVERY DAY!

Imagine how good it would feel to get home and have no homework to do!

Come along to this open session, and have the opportunity to complete your homework in a focussed space with access to a computer.
