

6th July 2020

Dear Parents/Carers,

We hope that you received our letter dated 2nd July and that you are aware that this week is our Transition Week. As we cannot offer our usual Transition day we have put together a set of activities for your child to undertake during this period. Click this link to access the [Virtual Transition Powerpoint](#).

As stated in the previous letter we do not want to overwhelm your child with activities but rather prepare them for Transition to CTS. The tasks focus on well-being, goals and ambitions which will hopefully give them a bit more of an insight into secondary school and us a little more information about your child.

There will be a series of 'mini' daily activities for students to complete. Please do not feel that these need to be completed all at once, there is flexibility to fit these around your schedule. There are clear instructions on the PowerPoint presentation about how to complete the activities. Some are online activities, and some are on paper. If you wish to print any of the activities, PDF versions are available on our website [here](#). Alternatively, if you have no access to a printer, these activities can be completed on paper. If you are unable to access PowerPoint files, there is a PDF version of the presentation on the website.

At the end of the presentation we have included some FAQ's which have been asked following our initial presentation. We hope that you find these useful, however please do not hesitate to contact us should you have any further questions.

We very much hope that your child enjoys these activities and finds them useful in their Transition journey to secondary school.

If you have any further queries, please contact us on enquiries@corbytechnicalschool.org

Yours sincerely,

Mrs A Reynolds
Principal
