Re: Year 7 and 8 - STEM Food and Nutrition

Dear Parent/Carer,

I am writing to inform you that your child will be undertaking food tasting and cooking at school as part of Food and Nutrition STEM lessons. These lessons will be taking place throughout the academic school year along with other STEM activities.

Students will be preparing, cooking and tasting a variety of dishes that they will be able to take home. This will give all students the opportunity to be involved in food preparation/group work and also give them an understanding of healthy eating and why this is important.

We are asking parents/carers to contribute £5.00 towards the cost of ingredients which will be provided by the school. This must be paid via Wisepay. Please return the completed reply slip below to school reception.

Please inform the school if your child has an intolerance or is allergic to any foods, or if there are any foods that they do not eat due to cultural or religious reasons.

If you have any queries, please do not hesitate to contact Mr Hirst at ahirst@corbytechnicalschool.org.

Yours sincerely,

Mrs A Reynolds
Principal

Food & Nutrition contribution and food information return slip.

Student name..... Tutor Group.....

I/We have made the £5.00 contribution towards the cost of ingredients via Wisepay.

My child does not eat the following food due to cultural or religious reasons/is intolerance or allergic to the following foods:.....
