

1st March 2023

Dear Parent/Carer

Year 11 March Break Subject Support

The school will be open during the March holidays for additional study sessions. Students will need to sign in and out and supervision will be on an informal basis. Students do not need to wear school uniform and the normal behaviour and safety expectations apply. Students will need to bring their own refreshments, or they can leave site for lunch. All food & drink consumed in school will need to be done in our designated restaurant area.

Students should arrive no earlier than 30 minutes before the sessions start time and will need to remain in the designated classroom as we will have maintenance works taking place in other areas of the school. These clinics will offer extra support and guidance with their programmes of study. It would be expected that a student attends a whole session where possible, although it is understandable that they may attend a part-session if there is a clash. The sessions offered during the March break are as follows:
