

12th April 2023

Dear Parent/Carer,

Re: Year 10 Now and Next Evening

As part of Corby Technical School's dedication to ensuring students are furnished with all the relevant skills and information to thrive in their academic studies this year and next year, we are offering an opportunity to find out more about ways in which you can support your child at this important stage of their school life. On **Thursday 4th May** we would like to invite you into school to discuss a number of ways in which you can support your child with revision and life beyond both Mock Exams this year and GCSE exams in Year 11. As part of the evening, you will receive the following hard copies of materials to help support you with your child's revision:

- Choices at 16+ pack
- Exam Summary Page
- Year 10 Exam timetable
- Weekly Revision Planner

The session will begin at 5.30pm and staff will share how you can support your child with revision in the three core subjects (Maths, English and Science), as well as information on general revision skills that apply to all subjects and the process of considering post-16 provisions.

Please acknowledge your attendance no later than **Wednesday 26th April**, using the School Cloud Parents Booking System (the normal way you would book parents evening appointments). We highly recommend that students also attend the evening so that all parties are clear and can continue working together to ensure that students are prepared for their upcoming exams.

We are looking forward to welcoming you into school. If you have any further questions, please do not hesitate to contact Mr Foreman via enquiries@corbytechnicalschool.org

Yours sincerely,

Mr K Fitzpatrick
Assistant Principal
