Uniform Expectations

Dear Parents/Carers,

At Corby Technical School, we have high expectations regarding school uniform. Due to the hot weather forecast throughout this week, we would like to inform you of some allowances regarding uniform as well as some reminders.

- Blazers do not need to be worn this week. Students should ensure that they have all their belongings and equipment in their school bag that they may normally keep in their blazer pockets e.g. student card, stationery. Students should be back in full uniform next week. Students should not wear a jumper as an alternative and will be asked to remove their jumper at reception as they come into school in the morning.
- All students should have enough water/drinks to see them through the day. Bottles can be re-filled during break and lunch.
- If students have PE they should bring additional water/drinks to consume.
- Students should wear sunscreen if they have a PE lesson or wish to spend break/lunch outdoors.
- Students are permitted to wear an appropriate cap/sunhat for PE lessons or during outdoor break/lunch.
- Outdoor conditions will be monitored throughout the day and PE activity will be adjusted by staff where required.
- Please be reminded energy drinks are not permitted in school and we advise against other “fizzy” drinks.

If you have any queries, please do not hesitate to contact your child’s tutor via enquiries@corbytechnicalschool.org.

Yours sincerely,

Mrs A Reynolds
Principal
