

14th September 2023

Dear Parents/Carers,

Year 7 Meet and Greet Evening

We hope your child has enjoyed their first couple of weeks since joining our school community. It has been a real joy to meet our new cohort of students, and have been hugely impressed with how they have settled in. To further support your child's transition into Corby Technical school and have another opportunity to welcome you into our school, we will be hosting a 'Meet and greet evening' on **Thursday 21st September**. The purpose of the evening is to help build the important links between our dedicated student support team and the families of our newest students.

In order to manage the numbers of people and to keep this event as informative for you as possible, we are hosting two sessions starting at different times, and allocating times to each half of the year. The same presentation and workshops will be presented during each session.

The session for students in 7CA, 7TE and 7ST will take place at 4.30pm.
The session for students in 7CO, 7TA and 7SW will take place at 5.45pm.

You may wish to arrive up to 15 minutes beforehand.

The event will consist of a small presentation which will take place in the George Weston Theatre, followed by an opportunity to speak to members of the student support team. We will also have a variety of optional workshops taking place throughout the session. These include workshops on our school systems (such as Edulink and Wisepay), an insight into our Teaching and Learning approach, our Personal Development programme. We will also have refreshments available, and staff on hand to speak with if you have any particular queries.

If you have any questions ahead of the evening, please contact enquiries@corbytechnicalschool.org.

We look forward to meeting you on Thursday 21st September.

Yours sincerely,

Mrs A Reynolds
Principal
