

6<sup>th</sup> June 2024

Dear Parents/Carers,

**Re: Year 9 Options**

As we finalise the GCSE options for your child, I wanted to provide you with an update on the process.

First and foremost, I want to express our gratitude for your continued support and involvement in your child's education. We understand the significance of choosing the right GCSE subjects, and we are committed to guiding your child through this important decision-making process.

This week we have held 1-1 meetings with each Year 9 student to discuss their GCSE choices. We have tried to accommodate each student's first choice option. However, if their first choice has not been given, they will receive their first reserve choice.

As part of the process, we are now able to offer a new course in Digital Information Technology. This has already been shared with students in an assembly, so they are aware of this as an option. Further information on this will be added to the school website shortly.

As always, we are dedicated to ensuring that your child receives the necessary support and guidance throughout their GCSE journey. We aim to have completed this process and informed the students accordingly by the end of the week.

If you have any questions or concerns regarding the GCSE options process, please do not hesitate to contact me via [enquiries@corbytechnicalschool.org](mailto:enquiries@corbytechnicalschool.org).

Thank you for your cooperation and understanding.

Yours sincerely,

Mrs E Hopkins  
Senior Assistant Principal
