Dear Parents/Carers,

Re: Year 10 Now and Next Event

Thank you to all those of you who attended our Year 10 Now and Next Evening at the end of last term. It was fantastic to see you in person, finding out about ways you can support your child through their exams but also the work your children have been completing in school. It was also wonderful to see so many parents and carers engaging with the workshops that were put together. We hope these events provided useful information for you, as we know that the connection between the school and home is so important for our students.

Following these events, we are keen to gather your thoughts and ideas about the event and the ongoing support for your child and have therefore created an anonymous survey for you to complete. We value this feedback highly, as we understand the unique perspective you have on your child's experiences of school, and we will be using the information to shape future actions and priorities for the school community.

There are two sections for you to complete:

- About your child – some quick questions to support our analysis.
- Now and Next Evening and ongoing support – questions about the evening itself as well as some more general questions about the ways in which you work with the school.
- Free text (optional) – an opportunity to write any additional feedback.

The survey should take no more than 10 minutes to fill in. We would really appreciate it if you would take this time to complete it by clicking [here](#). As this survey is anonymous, if you would like to discuss any of this in more detail, please contact me via [enquiries@corbytechnicalschool.org](mailto:enquiries@corbytechnicalschool.org).

Many thanks for your continuous efforts in working alongside us support your child.

Yours sincerely,

Mr K Fitzpatrick  
Assistant Principal
