**Re: Year 11 November Assessments**

Dear Parents/Carers,

We have been delighted with how well students in year 11 have been working and the commitment they are showing to their studies. Students have been completing assessments and NEA (previously known as coursework) and we are very proud with how well they are applying themselves.

As part of our ongoing assessment, we are now at the stage of further assessments in Year 11 with an assessment programme to feed into our monitoring of progress and the next steps that need to be taken to ensure excellent outcomes for all year 11s. Students will be sitting assessments in maths, English, science, and a number of option subjects in the Sports hall. These are outlined below and will occur as they would next summer, giving pupils the opportunity to get used to the experience of formal exams in the sports hall. We will be contacting you again at the end of December with a full report around your child's progress during these assessments.

Please also be aware that students may also be carrying out assessments in their other Option subjects during this period within the classroom. This will occur between November 18<sup>th</sup> and November 29<sup>th</sup>, dependent on whether the subject is carrying out NEA (coursework) in which case this subject may not be doing an exam style assessment at this point. We are also supporting students by sending them revision activities and further details about these assessments via Edulink.
