

13th September 2019

Dear Parent/Carer

Re: Drama Performance – Year 8 Students

We are delighted to inform you that Drama students from Northampton University will be visiting school on Thursday 19th September to work with Year 8 students. The students from the University will perform a piece of work about option choices and future careers. It is helpful for the students at Corby Technical School to begin thinking about future careers choices early.

Enclosed with this letter is an information sheet from the University for you to complete, this will help the university continue to be able to produce and deliver these workshops at Corby Technical School.

If you can complete and return to school reception or to Mrs Morgan. If you have any questions regarding the visit please contact Mrs Morgan at emorgan@corbytechnicalschool.org.

Yours sincerely,

Mrs A Reynolds
Principal
