

27<sup>th</sup> November 2020

Dear Parents/Carers,

As we are closely following Government guidelines we are ventilating the school building as much as we possibly can, this involves refreshing the air in the building at regular intervals using our building management ventilation system and opening external doors and windows when necessary.

As a result of this and as the weather gets colder the building itself can become rather chilly. Whilst we are not relaxing uniform requirements on a permanent basis, we will be making allowances for students to wear warm clothes in addition to their normal school uniform. From next week students can wear a black (or dark coloured) jumper, sweatshirt or hoodie under their blazers and over their shirt and tie. Alternatively, students may wish to wear a plain t-shirt underneath their shirt in order to keep warm. We would prefer there to be no logo on these items, however, if there is, we would prefer the logo to be as small as possible.

I would like to stress that this is only a temporary measure in order for us to maintain a smooth operation of the school during this time and we will not be making any further adjustment to our uniform policy.

Please do not feel that the need to purchase new items and if you have any queries, please contact [enquiries@corbytechnicalschool.org](mailto:enquiries@corbytechnicalschool.org).

Yours sincerely,

Mrs A Reynolds  
Principal
