Dear Parent/Carer

Re: Year 8 Modern Foreign Language lessons

At Corby Technical School, we look for ways to enhance the curriculum offer we make to students so they have a broad academic experience while they study with us and which equips them for their next steps.

I am pleased to inform you that the Modern Foreign Languages department are providing Year 8 students with the opportunity to experience Spanish as part of our core languages curriculum.

This gives students the chance to compare and contrast differing European languages and will deepen their understanding of the roots of languages and how they are constructed.

Lessons have already started and students are excited about learning an additional language.

If you have any further questions, please contact Mrs Arnold at larnold@corbytechnicalschool.org or on 01536 213100.

Yours sincerely,

Mrs A Reynolds
Principal
