Dear Parent/Carer

Re: Year 10 – Work Experience

This week during assembly, Mrs Arnold has explained our plans for all Year 10 students to go out for a week to experience the world of work. Students have the opportunity to arrange their placement at any time during this academic year with a company of their choosing. Over the next few weeks students will have initial discussions with their form tutors and with specialist staff from 'Timely Advice' who provide independent careers information.

At present we are happy for students to take any week out for their placement, however as we get closer to the end of Year 10 some weeks may be not allowed as students will be completing controlled assessment work for their GCSE's, so arranging placements sooner rather than later may give a bit more flexibility.

Please discuss with your child their ideas and aspirations for the placement, some will already have formulated plans of where they would like to take up a placement, while others will need some support and guidance both from yourselves and from school.

Thank you for your support in this exciting project. If you have any questions, please contact Mrs Arnold at larnold@corbytechnicalschool.org.

Yours sincerely,

Mrs A Reynolds
Principal
