Re: New Year 7 Students

Dear Parents/Carers,

First and foremost, thank you for completing the two data forms we have sent to you previously, the sharing of this information is important in ensuring transition is smooth for all students who will be joining us on Wednesday 1st September 2021. Recently, we have been visiting our feeder Primary Schools and talking to students about life at Corby Technical School. It has been a pleasure to meet your children, and we are looking forward to them joining our school community. As you are now aware we will not be having a transition day in person this summer, we will give you more information about what we will be doing in terms of our virtual transition day which will be held on Friday 9th July shortly.

We have produced a booklet advising parents of some useful information particularly around uniform, school standards and expectations. We have made this booklet available online [booklet](#). We would be grateful if you could share the booklet with your child and make sure they are clear on the contents of it. This should make them feel more confident when they join us as they will be clear on what is expected of them and others. It is totally natural for you or your child to still have questions about our school and the information you have been sent so far. So that we can ensure these queries are answered in the most efficient manner, we would ask you to email these to enquiries@corbytechnicalschool.org.

Please follow us on Twitter @CTSCorby, reading our weekly newsletter, and keep looking at our website too to give you a flavour of some of the things our current students are doing:
