Dear Parent/Carer

**Re: Covid Guidance**

Due to the increased number of Covid cases in the local area we would like to make some amendments to our working practice in order to keep our school community safe. In addition to the measures that we already have in place, from Monday, we would request that all students and staff wear a face mask when in corridors.

If we could also ask that students continue to participate in the twice weekly LFD home testing to ensure that any positive cases are picked up at the earliest possible opportunity. Students have all been provided with a new testing kit today, if your child does not have a kit, please contact school reception and we will ensure one is issued. It is also extremely important that any student with symptoms of COVID-19, even if mild, do not attend school. If your child has symptoms, please arrange for a PCR test as soon as possible. If you could inform the school if your child is self-isolating or has a positive test by contacting [enquiries@corbytechnicalschool.org](mailto:enquiries@corbytechnicalschool.org). Parents/carers can also log a positive test using the school test register.

We will continue to monitor cases within school, in the local community and act upon advice from Public Health England where required. Further information is available at: <https://www.nhs.uk/conditions/coronavirus-covid-19/>

I would like to thank you for your continued support over this time and will continue to communicate if any guidance changes.

Yours sincerely,

Mrs A Reynolds  
Principal
